

STRUNG UP BY MOB

Alleged Slayer of a Policeman Taken From the Jail at Joplin, Mo., by Force.

ATTEMPT TO PREVENT LYNCHING.

The Mob, However, Outnumbered the Law Abiding Citizens and Accomplished Their Object.

A General Onslaught Was Then Made on the Negro District and Houses Were Burned and Colored People Driven From City.

Joplin, Mo., April 16.—Despite the pleading of City Attorney P. H. Decker and the efforts of law-abiding citizens who were overcome in a tug of war over the body of the victim, a mob Wednesday night hanged a Negro tramp to a telegraph pole, after forcibly taking him from jail on the suspicion that he might be the man that Tuesday night shot to death Policeman C. Leslie, while the officer was trying to arrest some Negroes in the Kansas City Southern railroad yards.

The Negro was found Wednesday in a slaughter house east of Joplin by Lee Fullerton. The Negro was armed with a rifle. Fullerton slipped into the structure unobserved and crept up behind the Negro. Fullerton sprang at the man and threw him down. The captor held a knife at the captive's throat until the Negro surrendered the rifle. Pointing the rifle at the prisoner, Fullerton marched him to jail. The jail was surrounded by hundreds of people. City Attorney P. H. Decker mounted the jail steps and made a plea for law and order. This did not appease the mob and a short time after Decker's speech the mob started to batter in a section of the jail wall. Within 15 minutes the lawless men had gained entrance to the jail and secured the trembling Negro. As he was dragged forth City Attorney Decker again urged that the Negro be given a trial. Some of the transgressors repented and began to disperse. Suddenly a rush was made for the spot where the Negro was held, and he was dragged two blocks from the jail. A rope was fastened around his neck. After the rope had been thrown over the cross bar of a telegraph pole a score of men attempted to pull the Negro from the ground. As many more seized the Negro and tried to prevent his being hanged. For some moments it was a tug of war, but reinforcements on the free end of the rope proved the stronger and the Negro, despite his protestations of innocence, was finally swung into the air and strangled to death. The Negro was a stranger in Joplin. As soon as the Negro was dead the mob dispersed in the twilight and later the body was cut down and taken in charge by the coroner.

WAR ON THE NEGROES.

A Mob Rioted Through the Streets of Joplin, Mo., Wednesday Night.

The lynching of the Negro served only temporarily to satisfy the indignation of the mob and later Wednesday night hundreds of men again assembled and rioted through the Negro district, burning houses, stoning Negroes, and finally driving every Negro from Joplin. The police were powerless. The first act of a mob after hanging the Negro was to demand the release from jail of a local character known as "Hickory Bill," who was arrested on the charge of assaulting a Negro. In the hope that this would appease the mob the prisoner was set free. But the mob did not disperse. Instead a rush was made through Main street and every Negro was driven to the north part of Joplin, where the colored population lives. Then the mob charged down on the quarter. Stones were thrown, doors and windows of Negroes' houses were broken in and finally several houses were fired. The fire department responded, but many of the houses were burned to the ground. The mob made endeavors to prevent the fire department from extinguishing the flames, and were partly successful. All the officers of the city, township and county were called out, but the mob swept them aside and proceeded with the rioting. Mayor Trigg ran from corner to corner and, mounting boxes, made earnest appeals to the mob to cease, but, cheering the mayor vociferously, the mob swept on and the depredations continued. The saloons were hurriedly closed by the mayor. After the hundreds of frenzied men composing the mob had vented their wrath in the north end of the city they rushed to the southern end where a number of Negroes lived. Their houses were vacant and not a Negro could be

and two were burned. All efforts to reason with the rioters were futile. The streets were thronged and at midnight the whole city was in an uproar. So far as is known no fatalities have occurred, although many persons received minor injuries.

MANUFACTURERS.

National Association in Convention at New Orleans Adopts Declaration of Principles.

OPPOSES STRIKES AND LOCKOUTS

Right to Form Labor Unions and to Organize is Recognized Under Certain Restrictions.

The Convict Labor System is Condemned—General Organization of Employers in All Branches of Trade is Recommended.

New Orleans, April 16.—The delegates to the national convention of the Association of Manufacturers devoted practically all of their time of both sessions Wednesday to the discussion of the labor question. There was much difference of opinion as to the nature of the attitude which the organization should take towards trade unionism and the debates were at times heated, but when the adoption of a declaration of principles was finally reached the resolution embodying it was accepted by a unanimous vote.

Following is the declaration of principles:

We, the members of the National Association of Manufacturers of the United States of America, in convention assembled at New Orleans, do hereby declare the following principles which shall govern this association in its work in connection with problems of labor:

1. Fair dealing is the fundamental and basic principle on which relations between employes and employers should rest.

2. The National Association of Manufacturers is not opposed to organizations of labor as such, but it is unalterably opposed to boycotts, blacklists and other illegal acts of interference with the personal liberty of employer and employe.

3. No person should be refused employment or in any way discriminated against on account of membership or non-membership in any labor organization, and there should be no discrimination against or interference with any employe who is not a member of a labor organization by members of such organizations.

4. With due regard to contracts, it is the right of the employe to leave his employment whenever he sees fit and it is the right of employer to discharge any employe when he sees fit.

5. Employers must be free to employ their work people at wages mutually satisfactory, without interference or dictation on the part of the individuals or organization not directly parties to such contracts.

6. Employers must be unmolested and unhampered in the management of their business, and in the use of any methods or systems of pay which are just and equitable.

7. No limitation should be placed upon the opportunities of any person to learn any trade to which he or she may be adapted.

8. This association disapproves absolutely of strikes and lockouts, and favors an equitable adjustment of all differences between employers and employes.

9. The National Association of Manufacturers pledges itself to oppose any and all legislation not in accord with the foregoing declaration. Numerous other resolutions were adopted during the sessions, among them being one condemning the convict labor system, another commending the organization of non-union men and others condemning radical unionists and favoring a general organization of employers in all branches of the trade.

The morning session opened with an address by Carroll D. Wright, who was present as the representative of President Roosevelt. Mr. Wright was given hearty reception.

In an extended speech Mayor Jones, of Toledo, O., protested against the exhibition of any bitterness towards labor. "I am for peace," he said, "and I think that this association will make a most serious and grave mistake if it does not deal with the labor question on humanitarian grounds. I urge my own employes to join unions. I believe the labor union has been a great educator and I am opposed to any war on organized labor."

Mr. Jones was interrupted several times by attempts to end the debate, but he held the floor until he had finished his argument.

TIME TO ACT,

If Kentucky is to Be Represented at World's Fair.

The Question of Funds Should Be Settled Not Later Than the First of June.

[Courier-Journal.]

"And there stands old Kentucky!" In the matter of a provision for representation at the Louisiana Purchase Exposition, at the very bottom of the list of the States of the Union, when by every right that should be hers she should stand first.

This is no mere indefinite figure of speech. It is the ugly truth. With the appropriation that the Legislature has just made to insure Tennessee's participation in the exposition, Kentucky is left as the only State that has not provided a fund for this purpose.

It is not worth while at this time to decry our Legislature, which was so short-sighted and parsimonious as to refuse an appropriation. Criticism of the Legislature by Kentuckians is not very forcible just now when the question before them is whether they propose to share in the Legislature's shortcomings.

The Legislature has failed in this duty to the State; do the citizens of the State propose to repair the omission of the Legislature?

If so, when? It has been a year since the Legislature left this work undone. How much longer are Kentuckians willing to leave it still undone?

In another year the exposition will be open. The time is not a day longer than is requisite for preparing for such a display as Kentucky is entitled to at St. Louis. If we are to have such a display, let us say so at once. By the first of June at the farthest every dollar of the fund which it is desired to raise for this purpose should be raised. It would have been raised long ago if we, as Kentuckians, realizing the importance of the opportunity which the great fair offers the State, took ourselves at our own words of self-estimation.

We are given to boasting of the pre-eminence of ourselves, of our Commonwealth and its products. The time has come now to prove the faith of our words by our deeds.

The peach bloom has been very light in some portions of the county.

In the Franklin Circuit Court Judge Williams entered a motion to dismiss the suit of Captain Horace Cochran to recover pay for soldiers stationed at Frankfort during the political troubles of 1900. Judge Cantrill ordered a rule against the plaintiff to show cause why his suit should not be dismissed, it not having been prosecuted.

Mrs. J. J. Dickey, of Washington, left to-day for Atlanta, Ga., to attend the annual meeting of the Woman's Board of Home Missions of the Methodist Episcopal Church, South. She will be absent about one week. Mrs. Dickey is President of the Kentucky Conference Home Missions Society. She will go in company with Miss Kate Petry, of Shelbyville, Kentucky Conference Secretary.

The route for the electric railway through Ripley has been selected. The projectors ask a subscription of \$80,000 to their bonds, and the right of way through Ripley and on to Sardinia. It falls upon Ripley to raise this. There has already been some \$70,000 in bonds subscribed for, leaving \$8,000 or \$10,000 yet to raise. The right of way will most of it have to be donated. Surveyor Gordon commenced running the line through Ripley Tuesday afternoon.

Maysville has had no attraction this season that has given more satisfaction than did Madame Bailey on Tuesday evening at the First Presbyterian Church. By her winning manner she at once ingratiated herself into such favor with her audience that a program the rendition of which required almost an hour and a half seemed only too short. Madame Bailey's success in the interpretation of the simplest children's songs is no less than in those requiring intense dramatic action. Music of this class is not only enjoyable, but elevating in its influence, and we trust it is not the last time this charming artist will be heard in our city. The difficult role of accompanist was most ably filled by Miss Moore, of Hayswood Seminary, upon whom too much praise cannot be bestowed for the remarkable way in which she kept pace with the sudden and varied caprices of the singer.

QUEER DOCUMENT.

It is Endorsed on the Back With a Direction to Kill Gen. Elwell S. Otis.

THE HANDWRITING OF AGUINALDO

The Remarkable Paper Was Captured, Among Many Others, From the Filipino Insurgents.

At the Time the General Lived at the Summer Palace, Near Miguel, in the Vicinity of Large Numbers of Filipinos.

Washington, April 16.—While examining an immense quantity of papers captured from the Filipino insurgents, Capt. John R. M. Taylor, of the 14th infantry, acting under the direction of Col. Edwards, of the department of insular affairs, a few days ago discovered a remarkable document endorsed on the back with a direction to kill Gen. Otis. That endorsement Capt. Taylor insists is in the handwriting of Aguinaldo, the insurgent chief. A translation of the document is as follows:

"Our Honorable President: We, the signers, who subscribe the declaration appended; by these presents protest against the American proclamation; we recognize no authority but that of God and the revolutionary government and we offer our lives and property for the independence of our country."

"Manila, San Miguel, January 12, 1899."

"Feliciano Cruz." (Twenty-five signatures follow.)

On the back is written in the handwriting of E. Aguinaldo:

"Leberino Kotlonko, Feliciano de Cruz, to kill Gen. Otis, commissioned."

On January 4, 1899, a proclamation was issued by Gen. Otis in which he declared the sovereignty of the United States over the Philippines. Many protests were drawn up in the Philippines against this. Most of them were drawn up by order of the insurgent government, but this letter was probably an unsolicited evidence of the adhesion of some Katipunian lodge, or of one of the popular clubs in Manila organized by Sandico while in the pay of the United States government.

Rochester, N. Y., April 16.—Elwell S. Otis Wednesday night made the following statement in regard to the document captured from the Filipinos, relating to a plot to kill him when in command of the American forces at Manila:

"At the time mentioned in the dispatch we were living in the summer palace, near San Miguel. Near us were a large number of Filipinos, over whom, however, we kept careful watch day and night. We had long anticipated such an order from Aguinaldo. Capt. Taylor, at that time upon my staff in Manila, was detailed to translate papers captured from the insurgents. He had not at that time run across any such direction from Aguinaldo. I presume that this paper was among the lot that was turned over to him. I understand that he is still translating. I thank you for this late warning."

CARLISLE'S HEALTH OFFICERS

Pay Maysville a Visit and Here is Their
 Opinion of the Smallpox Situation.

[Carlisle Mercury.]

In view of the various reports of smallpox epidemic in Maysville, the undersigned were appointed to visit the city and investigate the condition of affairs. We visited Maysville Tuesday and beg leave to give the following information: We saw the following gentlemen who very cheerfully furnished us with every facility to investigate: Mr. John Duley, President Board of Trade, went in person with us to call on the following gentleman, and insisted that we take a carriage at their expense and visit every house in Maysville that has now, or had smallpox. Dr. Adamson, Health Officer, who has charge of all cases and has every house thoroughly quarantined, and all patients not able to submit to this are taken to the pest house. At present there are but ten cases in the city and they are convalescing.

Since December some twenty-two deaths have occurred, and all of these, bear in mind, were unvaccinated, not one fatal case has occurred in a recently vaccinated case. This of itself should convince the most skeptical on that point that vaccination does protect. Dr. W. S. Yazell, city physician, assured us that the disease, was absolutely under control, and all suspects were quarantined. Drs. Samuels, Ellis, Reed, Chairman of Board of Health, made the same statement. W. W. Ball, cashier of the First National Bank, Dr. A. G. Browning and a number of others of the best and most reliable citizens of the city assured us that they had the disease under control, and no further outbreak was feared.

It is Surprising the Amount of Business We Did in the Past Six Weeks,

Considering the embargo put on Maysville's business during that time. Our sales, however, compared with last year's corresponding time show such a decrease that it will require heroic treatment to restore our 1903 spring business to its normal volume.

It is not now a question of ordinary legitimate profit, it is simply a question of doing four months business in two months.

Convince yourself by looking in our East Window and see the Suits we have marked down to \$15. Not a Suit in the lot that under ordinary circumstances would have sold for less than \$18 and \$20.

In same proportion every Suit in the house is reduced. In Children's and Boys' Suits the same conditions will prevail.

Court of Appeals Decides Two More in Favor of State Auditor's Agent Watson.

FRANFORT, Ky., April 15.—The Court of Appeals, by Judge Nunn, reversed the Mason Circuit Court in the case of Commonwealth vs. John G. Zweigart, administrator of the estate of Christian F. Zweigart.

The action was instituted by Auditor's Agent F. S. Watson in July, 1901, to subject the estate of the late Christian Zweigart, amounting to \$210,000 for taxation for several years prior to 1897. The lower court sustained a demurrer filed to the petition, and this court, in remanding the case, gives directions for a new trial, and orders the property subjected. The court reverses the case of the Commonwealth vs. Benj. Longnecker, et al., an identical case, and gives like holding.

NOW FOR A GENERAL OVERHAULING, Cleaning and Painting Period!

It's the painting part we're most interested in. Perhaps it's the house you're going to paint, the barn or some article of furniture.

It may be the family carriage, buggy, wagon or farm implement.

It really makes no difference what it is, if it's anything paintable we bid for your trade with THE VERY BEST article that's made—the U. S. READY-MIXED.

We know that other dealers make the same claim for really inferior grades, and some manufacturers extravagantly shout the merits of their product when there is really no comparison between these mixtures and the high-grade Paints made by the United States Paint Company, whose agents we are in this locality and whose goods we are permitted to guarantee.

One important point that should not be overlooked is the fact that you pay no more for quality when you buy the U. S. Paint than you are asked for the cheaply-made stuff.

Local testimonials furnished on request, and color cards, showing a large variety of beautiful shades, yours for the asking.

The souvenir buttons—"Kentucky Home, World's Fair, It's Part Mine,"—will be protected by copyright, application having already been made of the department at Washington. Only a limited number of the buttons will be placed on the market. These two facts will combine to make the souvenirs more valuable. Their worth will increase as the years go by. Every Kentuckian who can not give more than one dollar to the \$100,000 fund being raised by the Kentucky Exhibit Association should buy and wear one of the buttons. IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.
Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.

3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company "gas will be turned off if account is not paid with five days after presentation" shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich., which price will be a sum equivalent to 50 per cent discount from the list prices in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$26, the gas company will sell this range to consumer for \$13 cash or for \$2.80 cash at signing of lease and 60 cents a month for seventeen months, the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas. The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Weisbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully, MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langfels on Market street, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langfels or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.
